**Subject:** Many Thanks!

Dear Nancy,

I'm writing to thank you for your tremendous contribution through your deployment to Durango on the GKM response. In particular, I appreciated your consistently high work ethic and professional poise during what were at times a very challenging environment. You performed a very important role within the Incident Command—a role that I valued greatly.

I'm happy for you that you are now back at your home and in your Region 1 office. But please know how grateful I am for all of your help!

Best regards,

Shaun

P.S. Curt and Deb, thanks to you for letting us steal away Nancy for so long!
